WINE

We welcome you on a journey through the canton Wallis/Valais, the largest wine region in Switzerland. You can enjoy wine from our friends' vineyards, which are located between Salgesch and Martigny, where they grow and nurture their grapevines on extreme and diverse terrain adopting a traditional and organic method. The journey can then continue over the Matterhorn heading south all the way to Sicily, where you can taste the Italian sun in every bottle. All wines marked with an asteriks are biological or biodynamic wines.

Carefully selected wine can be bought to take home or give to someone special as a beautiful gift!
